

A conversation with

**Dr. Marcella Alsan**

Join us for a talk on women in STEM, social justice, and racial health inequity sponsored by LUC INSPIRED-NSF ADVANCE and the Stritch School of Medicine.

---

Dr. Marcella Alsan is an economist and physician investigating the role that legacies of discrimination and resulting mistrust play in perpetuating racial disparities in healthcare. She is a 2021 MacArthur Fellow and holds degrees from Harvard University and Loyola University Chicago.
