

**Education Law Practicum (Law 166, 1-4 credits)**  
***Offered Fall Semester***  
***Seminar: Thursdays, 5-6:30 p.m.***

The Education Law Practicum is designed to provide you with practical experience under the supervision of an attorney at a field placement site and a clinical professor from the School of Law. This practicum provides you with the opportunity to develop practice ready and problem-solving skills while working at an approved field placement outside of the classroom.

You can take the Education Law Practicum seminar (Law 166-001) as a stand-alone course without a field placement.

Education Law Practicum placements qualify for graded credits that count toward your experiential learning (live client experience) requirement. Practicum placements include:

- Franczek P.C.
- Kriha Boucek
- Equip for Equality – Special Education Clinic
- Legal Aid Chicago – Education Law Team
- Legal Council for Health Justice – Education Law Placements with the Chicago Medical-Legal Partnership for Children
- Matt Cohen and Associates (remote)
- Moran Center for Youth Advocacy
- Chicago Board of Education Law Department—Labor Relations Unit
- Chicago Board of Education Law Department – Office of Employee Engagement
- Neighborhood Legal Services of Los Angeles County (remote)
- Illinois Association of School Boards (remote)
- Chicago Alliance Against Sexual Exploitation (Title IX-related work)
- University of Chicago, Equal Opportunity Programs

For part-time students interested in placements outside of the Chicagoland area, additional placements can be identified and approved on a case-by-case basis.

If you enroll in the Education Law Practicum field placement course, you must also enroll in the seminar (Law 166-001). Students enrolled in the Education Law Practicum field placement component for their work with the Stand Up for Each Other (SUFEEO) suspension advocacy project will enroll in a separate section (Law 166-003).

Apply for a placement with the Education Law Practicum [here](#). The deadline for Fall 2024 placements is **August 1, 2024** (earlier applications are encouraged, as placements may fill up before this deadline).

E-mail Miranda Johnson, Clinical Professor of Law and Director of the Education Law and Policy Institute, at [mjohnson11@luc.edu](mailto:mjohnson11@luc.edu) with any questions.
