Administrative History

Samuel Insull commissioned Benjamin Marshall of Marshall and Fox to design a new residence on his land in Libertyville, IL, in 1914. Construction began towards the end of 1914, finishing in 1916, and was handled by the George A. Fuller Co. as the general contractor. Famed landscape architect Jens Jensen designed the gardens for Hawthorn Farm.

The Cuneo family built and owned many businesses such as Cuneo Press, International Furniture Co., Rapid Roller, and Kleerwrap. In addition they developed several business plazas and housing developments including Golf Mill, Camel View Plaza, and Hawthorn Village.

Scope and Content

The Blueprints section of the Cuneo Family papers includes 89.0 linear feet of blueprints spanning the years 1914 to 1995. Included are the original plans commissioned by Samuel Insull for the house and gardens and plans for many of the Cuneo's businesses and housing developments.
