

Planning Small-Group Instruction

Assess and Analyze Strengths and Challenges

Universal
Screener

checks for
understanding

informal
assessment data

observational data

Use Information to Put Students into Groups

groups are flexible

based on students' needs

Small-group Instruction

target
students' needs

15 minutes or
less

state the
purpose: "Today,
we will..."

show, tell, &
model

closure:
"Remember,
today we..."

Give Students Time to Practice and Apply

in-class time

access to materials

check in and provide
real-time feedback

Assess and Analyze - The Cycle Starts Again
