

IL-MO Regional Undergraduate Mathematics Conference

SIU, Carbondale, IL, Saturday, 27 October 2018

A great opportunity for undergraduate students to present mathematical research projects and expository papers, to meet with more established mathematicians and to network with their fellow students.

Organized jointly by Southeast Missouri State University and Southern Illinois University. This year it will be held on the Campus of **SIU at Carbondale, Neckers Building, Young Auditorium, Neckers 440** on Saturday, 27 Oct 2018.

This conference is open to anyone interested in undergraduate mathematics. **Undergraduate students** at all levels and **graduate** in their first year of the MSc are invited to discuss their work on any mathematics-related topic. **High School** students are also strongly encouraged to participate. We will provide a **poster room** for those who would like to display their work in a poster, whether they are presenting or not.

Invited talk

G. Stacey Staples

Southern Illinois University at Edwardsville

Quaternions: a Gentle Introduction to Geometric Algebra

**We are now calling for papers. Deadline for contributed papers is 24 October 2018.
Free breakfast and lunch are provided.**
