Common Issues with Enrollment

Why can't I enroll?

Common reasons include:

- You do not have a valid enrollment appointment:
An enrollment appointment is the time in which you can begin registering for the next term. To find out your enrollment appointment, click "Enrollment Dates" on the menu on the left side of the screen in the Manage Classes tile.

If you do not have an enrollment time, you will not see "Select Class" as an option on the course details page and when you are in your shopping cart, you will see that you do not have access to enrollment.

- You need permission to take a course
- You do not meet the prerequisites

If you cannot resolve the error yourself, contact your advisor for assistance.

Swap/Drop Courses

If you wish to change class sections after you have successfully enrolled in classes, it is advisable to swap rather than separately drop and add.

The benefit of swapping is that if, for some reason, you are unable to get into your desired class you will retain your current seat. Dropping instantly removes you from the class section in which you are enrolled.

Swap a Class

To swap, click "Enrollment: Swap Classes" on the left of your screen. You can swap a currently enrolled class with another class section.
